

# SAFETY DATA SHEET

Documentation ID: NLEC2017-L003

Issued Date: 2017/8/1

## Section 1 Product and Company Identification

Product Name: SEAMATE<sup>®</sup> (Product Code: N+N1+E4-C)

Product Description: Rubber sponge laminate, one side is laminated with fabric, another side is cell embossed.

Manufacturer: Wen Ben Industrial Co., Ltd.

No. 8, Hsing-Ho Second Road, An-Ping Industrial Park, Tainan City, Taiwan R.O.C.

Emergency Phone Number: 886-6-263-2911

## Section 2 Hazard Identification

Physical Form: solid sheets.

Potential Health Effects: Not applicable

Physical Hazards: No physical hazards were determined from a review of available information

## Section 3 Composition and Ingredient Information

<u>Product Code</u>	<u>Component</u>	<u>CAS#</u>
N1+E4-C	Rubber sponge (100% chloroprene polymer) with embossed treatment	-----
N	100% Nylon knitting fabric	-----
Other	Adhesive (Chloroprene Rubber base)	-----

## Section 4 First Aid Measures

Inhalation: Do not eat! If the dust of this product is inhaled, remove exposed individual to fresh air. If breathing is difficult, give oxygen, and get medical attention if needed.

Skin Contact: In case of the skin contact with the dust, (especially open cuts or sores) and showing mechanical irritation, remove the exposed individual to fresh area and wash the skin with large amount of water. Get medical attention if needed.

Eye Contact: In case of eye contact with the dust and showing mechanical irritation, flush with copious amount of water under gently running water for at least 15 minutes. Assure adequate flushing by holding the eyelids open. Get medical attention if needed.

Ingestion: if the product or its dust is swallowed although very unlikely, wash out mouth with water. Get medical attention if needed.

## Section 5 Fire Fighting Measures

Flash Point: Not applicable

Flammable Limit: Not applicable

Auto-ignition Temperature: Not applicable

Extinguishing Media: Use water, regulate dry chemical, carbon dioxide, regular foam.

Special Fire And Explosion Hazard: No special fire hazards determined.

Hazardous Combustion Products: Avoid inhalation of combustion products, although the combustion products, including oxides of carbon and nitrogen, and small amount of acid halides, are not expected to present a significant hazard.

Protective Equipment For Firefighters: Self-contained breathing apparatus is recommended for firefighters.

## Section 6 Accidental Release Measures

Personal Precautions: No special precautions are necessary. Use good working practice during clean up.

Occupational Release: Collect accidental release and waste of this product in appropriate container for disposal.

Environmental Precautions: Contain the accidental release or spill to prevent spreading or migration.

## Section 7 Handling And Storage

Handling Precautions: Use good working practice when handling this product. No special precautions are necessary.

Storage Conditions: Keep away from incompatible materials. Store in a cool, dry place with well ventilation.

**Section 8 Exposure Control And Personal Protection**

Exposure Limits: Not applicable

Engineering Control: Use in well ventilated area.

Respiratory Protection: Under normal conditions, the use of this product should not require respiratory protection. If overexposure to the dust should occur and ventilation is not adequate, the minimal respiratory may be needed.

Eye Protection: Safety glasses or goggles should be worn to prevent eye contact with the dust.

**Section 9 Physical And Chemical Properties**

Physical State/Form: Solid sheets.

Transparency: Opaque

Boiling Point: Not applicable

Melting Point: > 150°C

Vapor Density: Not applicable

Vapor Pressure: Not applicable

Rubber Sponge Specific Gravity (water =1): under 0.42 (not included fabric).

Water Solubility: Insoluble

Organic Solubility: Not available

Coefficient of Water/Oil Distribution: Not available

Percent Volatility: Not applicable

Thermal Decomposition Temperature: Not applicable

**Section 10 Stability And Reactivity**

Stability: Stable under normal temperature and pressures.

Hazardous Incompatibilities: Strong bases, Strong oxidizers, Liquid fluorine, organic solvent.

Hazardous Decomposition Products: Not applicable

Conditions To Avoid: Keep away from incompatible materials. Avoid flames, sparks, and other sources of ignition.

**Section 11 Toxicological Information**

Toxicity Data For Hazardous Ingredients: Not applicable.

Primary Routes Of Exposure: The most likely routes of exposure are skin/eye contact and inhalation of the dust of this product.

Potential Effects Of Acute Exposure: No significant health effects are identified with exposure to this product, although exposure to the fine particles or dust of this product may cause mild mechanical irritation to the eyes, skin, or respiratory system.

Potential Effects Of Chronic Exposure: Effects are similar to those for acute exposure.

Symptoms Of Overexposure: None reported

Carcinogenicity: None reported

Reproductive Effect: None reported.

Medical Conditions Aggravated By Exposure: None reported.

**Section 12 Ecological Information**

Eco-toxicity: No information available.

Biodegradability: No information available.

Mobility: No information available.

**Section 13 Disposal Consideration**

Dispose of unused product and waste product in compliance with applicable federal, state, and local regulations. If unsure of the requirements, contact the authorities for information.

**Section 14 Transportation Information**

No information available.

**Section 15 Regulatory Information**

No information available.

**Section 16 Other Information**

No information available.
